## **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John, Henkhaus, Applicant's representative, on July 14, 2005.

The application has been amended as follows:

## In the claims:

Claim 15: "carrying" at line 1 has been changed to "storing".

Claim 22: "carrying" at line 1 has been changed to "storing".

Claim 23: "carrying" at line 1 has been changed to "storing".

Claim 24: "carrying" at line 1 has been changed to "storing".

Claim 25: "carrying" at line 1 has been changed to "storing".

Claim 26: "carrying" at line 1 has been changed to "storing".

## Allowable Subject Matter

- 2. Claims 1-26 are allowed.
- 3. The following is an examiner's statement of reasons for allowance:

The amendment filed 5/31/2005 overcomes the 35 U.S.C 101 rejection to claims 1-6 and 8-13. The 101 rejection to claims 15-26 are withdrawn in view of the examiner amendment set forth in this Office Action.

Application/Control Number: 09/746,580

**Art Unit: 2167** 

The examiner finds applicant's argument concerning the Ralm reference (Amendment dated 5/31/2005, pages 11-15) persuasive. Ralm does not teach the combination of claimed elements including: "for each entity of said plurality of entities, maintaining, local to said entities, data that indicates whether any other entity of said plurality has an exclusive lock on said resource". Rahm discloses that each entity maintain data that indicate whether it have a lock on a resource but does not maintain data about other entities as claimed in independent claims 1, 8, 15, 22. Thus, prior art of record neither renders obvious nor anticipates the combination of claimed elements in light of the specification. Dependent claims 2-7, 9-14, 16-21, 23-26 are allowed at least by virtue of their dependencies from independent claims 1, 8, 15, 22.

After a further search and a thorough examination of the present application and in light of the prior art made of record, claims 1-26 are allowed.

## Conclusion
